Details:

Closer to Home - Core Dental Berwick by the Smile Solutions Group For residents of Melbourne's thriving south-eastern growth corridor, exceptional dental care is now just around the corner. Core Dental Berwick, located at Shop 29, 1 O'Shea Rd, Berwick, offers the quality and expertise of the Smile Solutions Group in a convenient suburban location.

Trusted Dental Care in Berwick Core Dental Berwick is ideally situated to serve patients from Berwick, Narre Warren, Officer, Pakenham, Beaconsfield, and surrounding communities in the City of Casey. The practice provides a full range of general, preventive, and cosmetic dental treatments in a welcoming, modern environment built around patient comfort. From your first consultation through to ongoing preventive care, the team at Berwick takes the time to understand your needs and develop personalised treatment plans. Services include routine examinations and cleans, children's dentistry, fillings, crowns, bridges, teeth whitening, and cosmetic veneers. Every clinician engaged by the practice brings a commitment to clinical excellence and genuine patient care.

The Smile Solutions Group Behind You Core Dental Berwick is part of the Smile Solutions Group, the organisation behind Australia's largest single-location private dental practice. Over 33 years, the group has treated more than 300,000 patients and built a team of 80 clinicians, including 25+ specialists, operating from 40 dental chairs at the Collins Street Specialist Centre (CSSC) in Melbourne's CBD. This affiliation gives Berwick patients something most suburban practices cannot offer - a direct referral pathway to a full spectrum of dental specialists. Whether you need orthodontic assessment, dental implant planning, endodontic treatment, periodontal therapy, or oral surgery, your local dentist coordinates the referral and your records move seamlessly within the group. No duplication, no delays, no starting from scratch.

Services Available General and preventive dentistry Children's and family dental care Cosmetic dentistry including whitening and porcelain veneers Restorative treatments - crowns, bridges, and fillings Emergency dental appointments Specialist referrals to the Collins Street Specialist Centre

One Standard, Every Location Quality is not negotiable across the Smile Solutions Group. Core Dental Berwick adheres to the group's clinical governance framework, which encompasses rigorous clinician credentialing, strict infection control protocols, and a culture of continuous professional development. Whether you visit Berwick or the specialist centre in the city, the standard of care remains consistently high.

Book Your Appointment Core Dental Berwick welcomes new patients of all ages. To schedule your visit, head to directory.coredental.com.au for the Berwick location page, or phone the practice directly. For specialist dental care, discover the full range of services at Smile Solutions Collins Street Specialist

Centre. Outstanding dental care, without the drive into the city. That is what Core Dental Berwick delivers.
