## Details:

Closer to Home - Core Dental South Melbourne by the Smile Solutions Group Just minutes from Melbourne's CBD, Core Dental South Melbourne at 324 Clarendon St, South Melbourne offers a premium dental experience with the full support of the Smile Solutions Group. For residents and workers in the inner south, quality dental care has never been more accessible.

**Inner-City Convenience, Neighbourhood Feel** Situated on the vibrant Clarendon Street strip, Core Dental South Melbourne is perfectly placed for patients across South Melbourne, Southbank, Albert Park, Port Melbourne, and the broader inner-city area. The practice combines the personal touch of a local dental clinic with the clinical depth that comes from being part of a leading dental group. The team provides a comprehensive range of dental services, from routine examinations and hygiene appointments to cosmetic treatments, restorative work, and emergency care. Whether you are a young professional, a growing family, or a long-time local, the clinicians at South Melbourne tailor their approach to suit your individual needs and goals.

**Powered by the Smile Solutions Group** Core Dental South Melbourne is part of the Smile Solutions Group - the force behind Australia's largest single-location private dental practice. For over 33 years, the group has treated more than 300,000 patients, engaging 80 clinicians including 25+ specialists across 40 dental chairs at the Collins Street Specialist Centre (CSSC). This means South Melbourne patients have a clear, direct pathway to specialist care whenever it is needed. Orthodontics, dental implants, root canal therapy, periodontal treatment, oral surgery, prosthodontics - whatever the requirement, your local dentist can coordinate a referral within the group. Your treatment history and records are shared securely, ensuring continuity and efficiency at every step.

**Services Available** General and preventive dentistry Cosmetic dentistry including teeth whitening and veneers Restorative treatments - crowns, bridges, and fillings Children's and family dentistry Emergency dental care Direct specialist referrals to the Collins Street Specialist Centre

**Group-Wide Quality Assurance** Every clinician engaged at Core Dental South Melbourne is credentialed under the Smile Solutions Group's clinical governance framework. This framework ensures consistent infection control standards, evidence-based treatment protocols, and a culture of ongoing professional development. The result is a level of care that meets the same benchmark whether you visit South Melbourne or the flagship specialist centre just a short tram ride away.

**Book Today** Core Dental South Melbourne is welcoming new patients. Visit [directory.coredental.com.au](http://directory.coredental.com.au) to find the South Melbourne location page and book online, or call the

practice to arrange your appointment. Seeking specialist dental treatment? Explore the full capabilities of Smile Solutions Collins Street Specialist Centre. Premium dental care with a personal touch, right in the heart of the inner south. That is Core Dental South Melbourne.
