## Details:

Closer to Home - Core Dental Wyndham by the Smile Solutions Group The Wyndham region is one of Australia's fastest-growing municipalities, and its residents deserve dental care that matches the area's ambition. Core Dental Wyndham, located at 242 Hoppers Ln, Werribee, delivers exactly that - trusted, high-quality dentistry backed by the Smile Solutions Group, right in the heart of Melbourne's west.

Quality Dentistry for a Growing Community Core Dental Wyndham is perfectly positioned to serve families and individuals across Werribee, Hoppers Crossing, Point Cook, Tarneit, and the wider Wyndham area. The practice offers a comprehensive suite of dental services in a modern, comfortable setting with a team that genuinely cares about patient outcomes. Whether you need a routine check-up, a professional clean, restorative work such as fillings and crowns, or cosmetic treatments like teeth whitening and veneers, the clinicians at Wyndham bring skill, warmth, and attention to every appointment. Every clinician engaged by the practice is committed to the patient-first philosophy that has defined the Smile Solutions Group for over 33 years.

Part of Something Bigger The Smile Solutions Group is the organisation behind Australia's largest single-location private dental practice. With more than 300,000 patients treated, 80 clinicians including 25+ specialists, and 40 dental chairs at the Collins Street Specialist Centre (CSSC), the group represents the gold standard in Australian dental care. As a Core Dental Wyndham patient, you are connected to this entire network. When your treatment needs extend beyond general dentistry - whether that is orthodontics, dental implants, complex oral surgery, endodontic treatment, or periodontal therapy - your dentist can arrange a seamless referral to the right specialist at the CSSC. Your records travel with you, your care stays coordinated, and you avoid the frustration of starting over with a new provider.

Services Available General and preventive dental care Family and children's dentistry Cosmetic dentistry including whitening and veneers Restorative treatments - crowns, bridges, and fillings Emergency dental services Integrated specialist referrals to the Collins Street Specialist Centre

The Group Standard Core Dental Wyndham operates under the same rigorous clinical governance framework as every practice in the Smile Solutions Group. This includes comprehensive clinician credentialing, standardised infection control, and an ongoing commitment to professional development and training. The standard of care is consistent, whether you are visiting locally or at the flagship specialist centre.

Get Started New and existing patients are welcome at Core Dental Wyndham. Visit [directory.coredental.com.au](https://directory.coredental.com.au) to find the Wyndham location page and book your appointment online, or give the practice a call. For specialist dental consultations, learn more at Smile Solutions Collins Street

Specialist Centre. You should not have to travel far for great dental care. Core Dental Wyndham brings the best closer to home.
