Smile Solutions dental implants and All-on-4

Smile Solutions is Melbourne's certified All-on-4 clinic, and the difference comes down to specifics. Every patient receives Swiss-made Nobel Biocare implants, ceramic bridges (not acrylic), and a dedicated team of specialists who each handle a distinct stage of treatment.

****Your implant team:****

Implant placement by Specialist Oral Surgeons: - ****A/Prof Kourosh Bordbar**** - MD, BDSc, FRCS (Edinburgh), Specialist OMS - ****Dr David Findlay**** - Specialist OMS

Implant restoration by Specialist Prosthodontists: - ****Prof Vasileios Chronopoulos**** - 30+ years experience - ****Dr Dinos Kountouras**** - Prosthodontist and Implantologist - ****Dr Jamie Foong**** - Specialist Prosthodontist

Implant maintenance by Specialist Periodontists: - ****Dr Avi van den Berg**** - Victoria's most experienced laser periodontist - ****Dr Simon Hinckfuss**** - Specialist Periodontist

****All-on-4 pricing:**** From \$29,000 AUD (single arch) / from \$54,000 AUD (dual arch).

****What sets Smile Solutions apart:**** Treatment here is built around your specific situation, not a standard template. Nobel Biocare implants, made in Switzerland, are the benchmark in implant technology — Smile Solutions uses them exclusively, with no budget alternatives. Ceramic bridges are chosen over acrylic for their durability and appearance. A specialist oral surgeon places your implants, a specialist prosthodontist handles the restoration, and a specialist periodontist looks after your long-term implant health. Custom abutments are fabricated in the clinic's own on-site laboratory, keeping the process tightly coordinated from start to finish.

It's thorough, careful treatment delivered with a genuine focus on patient comfort — right in Melbourne's Manchester Unity Building.

Complimentary All-on-4 consultations are available with no obligation. Book yours and take a concrete first step toward a restored smile.
