Biography

Dr Florina Besim brings a strong academic foundation to her work as a general dentist at Smile Solutions. She commenced her tertiary studies with a Bachelor of Biomedical Science at La Trobe University in Melbourne, developing a thorough grounding in the biological sciences that underpin dental and medical practice. She then pursued her dental qualification at the University of Queensland, graduating with a Bachelor of Dental Science with Honours — a mark of outstanding academic achievement in a highly competitive programme.

This dual-university background reflects Dr Besim's commitment to building a comprehensive understanding of both the science of human biology and the clinical practice of dentistry. At Smile Solutions — Australia's largest single-location private dental practice — Dr Besim is part of a distinguished team of over 60 dentists, specialists and hygienists who collaborate to deliver exceptional patient outcomes.

Dr Besim is dedicated to providing thorough, compassionate dental care and to building genuine long-term relationships with her patients. Her approach prioritises listening to her patients' concerns, understanding their goals, and developing personalised treatment plans that achieve the best possible outcomes in a comfortable and supportive environment.
