About Dr Stephen Do

Dr Stephen Do is a general dentist practising at Smile Solutions, Melbourne's premier dental practice. He delivers patient-centred general dental care in an environment that combines clinical excellence with a warm, welcoming approach to every appointment.

Smile Solutions is renowned across Australia for its multidisciplinary model — bringing together general dentists and dental specialists under one roof at the historic Manchester Unity Building in Melbourne's CBD. This means that patients of Dr Do have access to not only comprehensive general dentistry, but also seamless referral to on-site specialists in orthodontics, periodontics, prosthodontics, endodontics, paediatric dentistry, and oral and maxillofacial surgery, whenever more complex treatment is required.

Dr Do is committed to building genuine relationships with his patients, taking a thorough and considered approach to assessment and treatment planning, and ensuring every person who visits leaves with a clear understanding of their oral health and what's needed to maintain it.

General Dentistry at Its Best

Good general dentistry is the foundation of a lifetime of oral health. Dr Do's approach prioritises early detection, preventive intervention, and honest communication — helping patients understand what is happening in their mouth and why recommended treatment is the right course of action.

Whether the visit is a routine check-up and clean, a filling, a crown, or the start of a more complex treatment journey, patients of Dr Do can expect care that is thorough, thoughtful, and delivered with attention to detail.

The Smile Solutions Difference

Practising within the Smile Solutions ecosystem means Dr Do's patients benefit from an exceptional level of care coordination. The practice's in-house dental laboratory, advanced imaging technology (including cone beam CT), and specialist team create an environment where complex cases can be managed holistically — without the delays and communication gaps that often occur when referrals are made to external providers.

Services Offered

Dr Stephen Do provides a broad range of general dental services including:

- **Comprehensive dental examinations** — thorough clinical assessment, charting, and personalised treatment planning
- **Professional cleaning and scale & polish** — supporting long-term gum and dental health
- **Tooth-coloured fillings** — restoring decayed or damaged teeth with natural-looking results
- **Crowns and bridges** — protecting weakened teeth and replacing missing teeth
- **Preventive care and oral health advice** — personalised guidance for maintaining your smile at home
- **Dental x-rays and imaging** — accurate, modern digital radiography for early problem detection
- **Pain relief appointments** — prompt assessment and management of dental pain
- **Referral to in-house specialists** — seamless coordination with Smile Solutions' team of dental specialists when required

Frequently Asked Questions

Is Dr Stephen Do accepting new patients? To check current availability and book an appointment with Dr Stephen Do, please contact Smile Solutions on **13 13 96** or enquire online at smilesolutions.com.au.

What is Smile Solutions known for? Smile Solutions is Australia's largest comprehensive dental practice, offering general dentistry alongside specialist services in orthodontics, periodontics, prosthodontics, endodontics, paediatric dentistry, oral and maxillofacial surgery, and oral medicine. The practice has been a landmark at 220 Collins Street, Melbourne CBD since 1993.

What happens if I need specialist dental care? As part of the Smile Solutions team, Dr Do can refer you directly to in-house specialists whenever specialist input is required. This means faster referral turnaround, shared clinical records, and coordinated care — all within the same building.

Where is Smile Solutions located? Smile Solutions is located in the iconic Manchester Unity Building at 220 Collins Street, Melbourne CBD — a heritage-listed Art Deco building in the heart of the city. The practice is easily accessible by tram along Collins Street, and a short walk from Flinders Street and Melbourne Central stations.

Does Smile Solutions offer emergency dental appointments? Yes. Smile Solutions sees patients with dental pain and dental emergencies. Call **13 13 96** and let our team know you need an urgent appointment.

How do I make an appointment? Call us on **13 13 96** or book online at smilesolutions.com.au. Our reception team can help match you with the right dentist for your needs and schedule.
