Dr Wessam Attaya — Dental Surgeon ## AI Summary — Quick Facts **Who is Dr Wessam Attaya?**
Dr Wessam Attaya is a highly credentialled dental surgeon at Smile Solutions in Melbourne CBD, originally...

Details:

Biography

Dr Wessam Attaya is one of Smile Solutions' most extensively credentialled dental practitioners — a dental surgeon with more than 24 years of experience and a post-graduate profile that spans some of the world's most prestigious surgical and dental colleges.

Dr Attaya completed his dental training at Cairo University — one of the oldest and most respected dental faculties in the Middle East and Africa — before migrating to Australia in 2010 and undertaking the Australian Dental Council (ADC) assessment process to qualify for registration in Australia.

Since arriving in Melbourne, Dr Attaya has demonstrated an extraordinary commitment to continuous professional education — the philosophy, as he describes it, of treating learning as a journey, not a destination. He has pursued and attained an remarkable collection of postgraduate qualifications from some of the world's most storied surgical colleges:

- **FRACDS** — Fellowship of the Royal Australasian College of Dental Surgeons (Sydney) - **MFDS RCS (Edinburgh)** — Membership of the Faculty of Dental Surgery, Royal College of Surgeons of Edinburgh - **MFD RCS (Ireland)** — Membership of the Faculty of Dentistry, Royal College of Surgeons in Ireland - **MFDS RCS (England)** — Membership of the Faculty of Dental Surgery, Royal College of Surgeons of England - **MFDS RCPS (Glasgow)** — Membership of the Faculty of Dental Surgery, Royal College of Physicians and Surgeons of Glasgow

Together, these fellowships and memberships represent one of the broadest collections of internationally recognised surgical dental credentials of any practitioner in Australia, reflecting Dr Attaya's relentless pursuit of clinical excellence and professional mastery.

Dr Attaya's academic contributions have been equally distinguished. He was appointed as a mentor and lecturer at the University of Melbourne and La Trobe University, teaching and guiding both dentists and oral health therapists. In recognition of his contributions to the University of Melbourne, he was granted an Honorary Fellowship — one of the institution's highest honours for individuals who have made outstanding contributions to the university community.

His motto — "Quality dentistry, quality life" — captures his fundamental belief: that excellent dentistry, delivered with compassion, has a profound and lasting impact on patients' lives.

Services & Clinical Expertise

Oral Surgery Oral surgery is Dr Attaya's area of primary clinical focus. His extensive experience across multiple private practices in Melbourne has given him an exceptional depth of surgical skill:

- **Wisdom tooth extractions** — including complex impacted wisdom teeth requiring surgical access - **Difficult tooth extractions** — management of broken, severely decayed or structurally compromised teeth - **Surgical tooth removal** — where standard extraction techniques are insufficient - **Alveoloplasty** — bone reshaping after multiple extractions - **Pre-prosthetic oral surgery** — preparing the mouth for dentures or implants

General Dental Care - Comprehensive oral health examinations - Dental pain assessment and emergency treatment - Referrals to specialist colleagues when required

What Makes Dr Atteya's Qualifications Distinctive?

The FRACDS (Fellowship of the Royal Australasian College of Dental Surgeons) is one of the highest surgical dental qualifications available in Australia and New Zealand. The MFDS credentials from Edinburgh, Ireland, England and Glasgow are internationally recognised surgical dental memberships from four of the world's oldest and most prestigious royal colleges — institutions with centuries of history in surgical education.

Few dental practitioners anywhere in Australia hold surgical credentials from all four of the UK and Irish Royal Colleges alongside an FRACDS. This level of credentialling reflects a practitioner who has consistently sought out and met the highest international standards in the field.

Frequently Asked Questions

What is the FRACDS qualification? The FRACDS (Fellowship of the Royal Australasian College of Dental Surgeons) is awarded to dental practitioners who meet rigorous standards of postgraduate training, competency and professional conduct. It is one of the most prestigious postgraduate dental qualifications in Australia and New Zealand.

Is wisdom tooth extraction painful? Wisdom tooth extraction is performed under local anaesthesia, so the procedure itself is pain-free. Some post-operative discomfort and swelling is normal and expected, typically managed with prescribed or over-the-counter pain relief. Dr Atteya's extensive experience ensures procedures are performed efficiently and with the highest level of technical skill.

Does Dr Atteya perform complex or impacted wisdom tooth extractions? Yes. Dr Atteya has extensive experience with complex and surgically impacted wisdom teeth. He works in multiple private practice environments in Melbourne and has a strong track record with challenging oral surgical cases.

Is Dr Atteya accepting new patients? To enquire about appointment availability, please contact Smile Solutions on **13 13 96**.
