## Details:

## Your Trusted Melbourne CBD Dentist for Hotel Guests, Tourists and Visitors

Smile Solutions has been the go-to dental practice for Melbourne CBD hotels for many years, providing emergency and general dental care to hotel guests, tourists, business travellers and visitors from across Australia and around the world.

Located in the iconic Manchester Unity Building at 220 Collins Street - directly opposite Town Hall Metro Rail station - Smile Solutions is one of the most accessible dental practices in Melbourne. With 40 dental chairs, approximately 80 clinicians and more than 25 board-registered specialists, the practice has cared for over 300,000 patients and is the most awarded dental practice in Australia (Australian Business Awards).

Whether you need urgent treatment for a dental emergency or simply want a check-up and clean during your stay, Smile Solutions offers comprehensive care without the need for referral elsewhere.

---

## Emergency Dental Care - All Handled In-House

Dental emergencies do not wait for you to get home. Smile Solutions provides same-day emergency dental care for visitors and hotel guests, with all treatment handled on-site by experienced clinicians and specialists. There is no need for referral to another practice or hospital.

### Common Emergencies Treated

- **Toothache and dental pain** - diagnosis and relief, including infection management - **Broken or chipped teeth** - repair with composite bonding, porcelain restorations or crowns - **Broken or lost fillings** - same-day replacement to protect the tooth - **Knocked-out teeth** - urgent re-implantation and stabilisation - **Denture breakage or repairs** - fast turnaround through the in-house dental laboratory - **Root canal treatment** - performed by specialist endodontists on site - **Tooth extractions** - including complex surgical extractions by oral and maxillofacial surgeons - **Paediatric dental emergencies** - managed by specialist paediatric dentists on site

Having every dental specialty under one roof means your emergency can be diagnosed, treated and resolved in a single visit - or across the fewest possible appointments - without being sent elsewhere.

---

## ## Why Smile Solutions Is Ideal for Visitors to Melbourne

### ### Specialists and General Dentists Under One Roof

Smile Solutions engages general dentists alongside board-registered specialists in orthodontics, endodontics, periodontics, prosthodontics, oral and maxillofacial surgery, and paediatric dentistry. Whatever your dental need, the right clinician is available on site.

### ### In-House Dental Laboratory - Smile Lab

The practice operates its own dental laboratory, Smile Lab, led by Master Ceramist Greg Karabasis. This means denture repairs, crown fixes, temporary restorations and other laboratory work can be completed with a fast turnaround - often while you wait. For visitors on a tight schedule, this in-house capability is a significant advantage over practices that send laboratory work to external providers.

### ### Collins Street Imaging - In-House Radiology

Smile Solutions has its own radiology suite, Collins Street Imaging, providing OPG (panoramic) and CBCT (3D cone beam) imaging on site. Immediate diagnostic imaging means faster diagnosis and treatment planning, with no need to visit a separate radiology clinic.

### ### Hygiene, Cleans and Whitening

Visiting Melbourne for a special event, business meeting or holiday? Smile Solutions has hygienists available for freshen-up cleans, scale and polish appointments, and teeth whitening - so you can look and feel your best during your Melbourne stay.

### ### Extended Hours and Emergency Availability

Smile Solutions offers extended opening hours and emergency availability to accommodate the schedules of visitors and hotel guests who may not be available during standard business hours.

---

## ## Hotels Served by Smile Solutions

Smile Solutions has long-standing relationships with Melbourne CBD hotels and their concierge teams. Hotels within a 5km radius of Collins Street regularly refer guests to the practice, including:

- \*\*Crown Casino and Crown Towers\*\* - \*\*Park Hyatt Melbourne\*\* - \*\*Grand Hyatt Melbourne\*\* - \*\*Novotel Melbourne on Collins\*\* - \*\*The Westin Melbourne\*\* (corner of Collins and Swanston Streets)

These are just a few of the many CBD hotels whose guests trust Smile Solutions for dental care during their Melbourne stay.

---

## ## Official Dentist of the Australian Open

Smile Solutions is the official dentist of the Australian Open tennis tournament. The practice also provides dental services during the Australian Grand Prix. Event attendees, participants and support staff can access the full range of dental care at 220 Collins Street throughout the event period.

---

## ## \$100 Smile Dollars - Hotel Concierge Referral Program

Smile Solutions offers a \*\*\$100 Smile Dollars\*\* referral benefit for new patients referred by hotel concierge staff. This \$100 credit can be applied towards any dental treatment at the practice - from

emergency care to cosmetic services, check-ups and cleans.

If you have been referred by your hotel concierge, mention the Smile Dollars program when you book your appointment.

---

## ## Getting Here

**\*\*Smile Solutions\*\*** Levels 1, 8, 10, 12 and Tower Manchester Unity Building 220 Collins Street, Melbourne VIC 3000

**\*\*Directly opposite Town Hall Metro Rail station\*\*** - making the practice easy to reach from anywhere in Melbourne by public transport.

**\*\*Phone:\*\*** 13 13 96 **\*\*Website:\*\*** [smilesolutions.com.au](https://smilesolutions.com.au)

---

## ## Staying Outside the CBD?

Visitors staying in suburban Melbourne or outside the CBD can access dental care through [Core Dental Group](https://www.coredental.com.au), which operates a network of 7 suburban locations across Melbourne. Core Dental provides general and emergency dental services for patients who may find a suburban practice more convenient.
