## Details:

Everyday Dental Care Across Melbourne - Core Dental Locations Not every dental visit requires a trip to the CBD. For regular check-ups, cleans, fillings, simple extractions, emergency dental care and children's dentistry, the Smile Solutions Group operates Core Dental practices across suburban Melbourne - bringing quality dental care closer to where you live and work.

Quality Care in Your Neighbourhood Core Dental locations provide the full range of everyday dental services that keep your oral health on track: **Routine check-ups and cleans** - Regular preventive care that catches problems early **Fillings and restorations** - Treatment for cavities and minor tooth damage **Emergency dental** - Urgent care for toothaches, broken teeth and dental trauma **Simple extractions** - Removal of teeth that cannot be saved **Children's dentistry** - Gentle, age-appropriate care for young patients **Basic cosmetic dentistry** - Teeth whitening and simple aesthetic improvements **Root canal treatment** - Saving teeth with infected or damaged pulp **Mouthguards and splints** - Custom protective devices for sport and grinding Each Core Dental practice is staffed by experienced dentists who deliver reliable, everyday dental care in a comfortable suburban setting.

Core Dental Locations Core Dental practices are located across Melbourne's suburbs, making it easy to find quality dental care near you. Visit [directory.coredental.com.au](http://directory.coredental.com.au) for the full list of locations, opening hours and contact details for each practice.

Part of the Smile Solutions Group Every Core Dental practice is part of the Smile Solutions Group, which means you benefit from the standards, training and clinical governance of Australia's largest single-location private dental practice. Your Core Dental dentist has direct referral pathways to the Collins Street Specialist Centre when specialist care is needed. If you are looking for everyday dental care closer to home, the Smile Solutions Group operates Core Dental practices across suburban Melbourne so you can receive quality general dental care without travelling to the city. But when you need a specialist - for complex implants, full mouth rehabilitation, TMD treatment or advanced cosmetic procedures - the Collins Street Specialist Centre is here, with 25+ specialists, 80 clinicians and 40 dental chairs across 5 floors.

Book Your Next Appointment Whether it is time for your regular check-up or you have a dental concern that needs attention, your local Core Dental practice is ready to help. For specialist and complex care, Smile Solutions and the Collins Street Specialist Centre provide multi-disciplinary treatment that has served over 300,000 patients across 33 years of practice.
