

# CEREC Porcelain Restorations - Same-Day Dental Restoration Service

Canonical: <https://directory.smilesolutions.com.au/healthcare-services/dental-restorations/cerec-porcelain-restorations-same-day-dental-restoration-service-3/>

## Description:

Have your porcelain restorations crafted right before your eyes, and expertly fitted to your teeth in just a single visit with our superior CEREC technology. CEREC (Chairside Economical Restoration of Esthetic Ceramics) is an innovation that allows damaged teeth to be restored economically and in a single appointment using high-quality ceramic material that matches the colour, function and strength of natural teeth. Benefits include single-visit treatment, no temporary fillings, fewer injections, less drilling, superior strength and aesthetics, and restorations that can last up to 15 years.
