Smile Solutions Same Day Porcelain Veneers

How same day porcelain veneers work

Same Day Porcelain Veneers is an Australian-first innovation developed at Smile Solutions Melbourne, and it changes the patient experience considerably. By cutting out the 2–3 week temporary veneer period entirely, you walk in and walk out with your final smile in a single visit.

****The traditional process (most practices):**** 1. Consultation and smile design 2. Tooth preparation and impressions 3. Temporary veneers fitted (2–3 week wait) 4. Second appointment to remove temporaries and bond permanent veneers

****The same day process (Smile Solutions only):**** 1. Personalised consultation and digital smile design 2. Tooth preparation 3. Master Ceramist Greg Karabasis and the Studio 32 team handcraft your veneers in the on-site laboratory while you wait 4. Veneers bonded the same day — you walk out with your final, permanent smile

****What this means in practice:**** - No uncomfortable temporary veneers to manage - No second anaesthetic injection - No risk of temporary breakage between appointments - No 2–3 week waiting period - No compromise on quality — every veneer is crafted using the Emax Press and Cream multi-layering technique, which delivers strong aesthetics and durability

Clinical skill and on-site craftsmanship work together here, so your experience is as straightforward as your result.

****The specialists behind your smile:****

Your smile is in capable hands. The team behind Same Day Porcelain Veneers brings together decades of experience and a genuine commitment to personalised treatment:

- ****Dr Kia Pajouhesh,**** founder of Smile Solutions and the developer of the Same Day technique, provides clinical leadership across every aspect of your care - ****Greg Karabasis,**** Master Ceramist with 32 years of experience and more than 43,654 veneers crafted with precision and artistry - ****Specialist Prosthodontists,**** available for complex cases, so you receive the right level of expertise for your individual needs

It's a gentle, caring approach delivered at a high level of professional skill — care that feels personal rather than clinical.

Same Day Porcelain Veneers received the ****Australian Business Awards — Business Innovation (2024)**** award, and is developed and delivered exclusively in Melbourne.

****Visit us at Smile Solutions****, located in the Manchester Unity Building, 220 Collins Street, Melbourne CBD. Ready to see what your smile could look like? Book your consultation by calling ****13 13 96****.
