About Greg Karabasis

Greg Karabasis heads the in-house ceramic studio at Smile Solutions - the workshop behind the practice's Same Day Porcelain Veneers™. If you're looking at cosmetic dental options in Melbourne, his work is a good reason to pay attention to what Smile Solutions offers.

He has more than 32 years in the dental industry. For 28 of those years, he founded and ran The Dental Solution as Company Director - one of Australia's largest dental laboratories. As a qualified Master Ceramist, his work covers all areas of dental restorations, with a particular focus on cosmetic veneers and digital smile design.

Accreditations

Greg has completed specialised training and earned accreditation with several well-regarded dental companies:

- Noritake - Ivoclar - Straumann - Sirona - Exocad

These accreditations reflect the materials, techniques, and technologies he brings to patient treatment.

Speaking & leadership

Greg has presented his work to colleagues in Australia, South Korea, and China. He also served as Vice President of the Victorian Crown and Bridge Society, a role that reflects his long involvement in the profession beyond his own studio.

Same Day Porcelain Veneers™

The Same Day Porcelain Veneers™ treatment was developed through Greg's collaboration with Dr Kia Pajouhesh. It's a world-first approach that lets patients leave with a transformed smile in a single visit, without cutting corners on quality or precision.

The treatment won the ****2024 Australian Business Award for Business Innovation****. Greg oversees the process from start to finish in the on-site ceramic studio, with each veneer crafted to suit the individual patient.

Other interests

Outside the studio, Greg served as a Board Director of South Melbourne Football Club. He follows AFL football, plays golf, and has an interest in motorsport.
