About Isabelle

When you visit Smile Solutions, you'll meet Isabelle Sayers, an oral hygienist and dental therapist who combines clinical skill with a genuinely caring approach. From the moment you walk through the doors, her focus is on making you and your family feel comfortable.

Isabelle graduated with a Bachelor of Oral Health from the University of Melbourne in 2012. That same year, she received the Dental Health Services Public Health Award, recognition of her commitment to comprehensive dental care. This early achievement laid the groundwork for a career built on evidence-based practices and real compassion for her patients.

Throughout her career, Isabelle has worked in both public and private sectors, treating patients of all ages. She's particularly passionate about preventive dentistry, working with you to achieve the best oral health through strategies tailored to your specific needs and goals. She believes education and prevention are the foundation of lasting dental wellness, and she takes the time to make sure you understand every aspect of your care.

If you're bringing your children to Smile Solutions, you'll see why Isabelle is such a valued team member. She has a natural way with young patients, creating positive dental experiences that help establish healthy habits for life. Her gentle approach helps even anxious children feel at ease during their appointments, turning what could be a stressful visit into something encouraging and educational.

At Smile Solutions, Isabelle works closely with her colleagues to make sure you receive coordinated, comprehensive care. She builds genuine connections with her patients through trust, open communication, and a consistently positive outlook. This allows her to customise treatment plans to your individual circumstances and achieve the best outcomes for your oral health. Her patient-centred philosophy aligns well with Smile Solutions' commitment to delivering exceptional, personalised dental care.

As an active member of the Australian Dental and Oral Health Therapists Association, Isabelle stays current in her field. She has presented at multiple conferences across Australia, sharing her knowledge and contributing to the advancement of oral health practices. Her dedication to continuing education means that when you visit Smile Solutions, you're receiving care informed by the latest techniques and industry best practices.

Whether you're coming in for routine preventive care, seeking guidance on proper oral hygiene, or bringing your children for their first dental visit, Isabelle's combination of clinical skill and approachable manner makes her an invaluable part of the Smile Solutions team. She understands that your oral health connects to your overall wellbeing, and she's committed to partnering with you to achieve and maintain the healthy, confident smile you deserve.

Ready to experience personalised, comprehensive dental care from a practitioner who truly cares? Book your consultation with Isabelle at Smile Solutions today and discover what clinical expertise combined with a gentle, caring approach can do for you and your family.
