Specialty: Orthodontics

About Dr Steven Smith

Dr Steven Smith is a registered Specialist Orthodontist at Smile Solutions — Melbourne's premier multidisciplinary dental practice, located in the historic Manchester Unity Building on Collins Street.

He graduated with Honours in Dental Science before completing his Master of Dental Science in Orthodontics at the University of Queensland — one of Australia's leading postgraduate orthodontic programs. That combination of a strong academic foundation and advanced specialist training equips Dr Smith with the depth of knowledge needed to manage a wide range of orthodontic cases, from straightforward alignment to more complex bite and jaw discrepancies.

Qualifications

- Bachelor of Dental Science (Honours) - Master of Dental Science (Orthodontics), University of Queensland

AHPRA Registration

- **AHPRA Number:** DEN0001382809 - **Registration Type:** Specialist Registration in Orthodontics
- **Division:** Dentist — Specialist

Clinical Approach

As a registered specialist, Dr Smith has completed the additional years of full-time university training beyond a general dental degree that are required by the Dental Board of Australia for specialist registration in orthodontics. This level of training means he is qualified to diagnose, plan, and treat the full spectrum of orthodontic conditions in both children and adults.

At Smile Solutions, Dr Smith works alongside a team of fellow orthodontic specialists and general dentists, supported by experienced orthodontic therapists and treatment coordinators. That collaborative, multidisciplinary environment — a hallmark of the Smile Solutions model — means patients benefit from coordinated care across disciplines when their treatment requires it.

Orthodontic Services

Dr Smith provides comprehensive orthodontic care, including:

- Traditional metal and ceramic braces - Clear aligner therapy - Early interceptive treatment for children
- Adult orthodontics - Complex bite correction - Pre-surgical orthodontic planning in collaboration with oral and maxillofacial surgeons

Location and Appointments

Dr Steven Smith practises at Smile Solutions, Level 1, Manchester Unity Building, 220 Collins Street, Melbourne CBD.
