Biography

Dr Belinda Feldman has been part of the Smile Solutions team for over two decades, bringing clinical excellence to our Melbourne practice. She graduated with a Bachelor of Dental Science (Honours) from the University of Melbourne in 2003 and has since worked across Melbourne in high-quality, specialist-aligned dental environments.

At Smile Solutions, Dr Feldman has built a reputation as a trusted clinician with a strong focus on aesthetic and complex restorative dentistry. She's completed advanced training in comprehensive treatment planning, full-mouth rehabilitation, and 3D digital smile design. Her approach blends precision, artistry, and evidence-based care to deliver predictable, long-lasting outcomes tailored to your needs and goals.

Dr Feldman particularly enjoys multidisciplinary care and regularly collaborates with our specialist teams at Smile Solutions to achieve functional and aesthetic excellence in complex cases. This collaborative philosophy aligns with our practice's commitment to comprehensive, team-based dental care that addresses both your immediate concerns and long-term oral health.

Her extensive experience in aesthetic and restorative dentistry means she can manage a wide range of cases, from single-tooth restorations to complete smile transformations. Dr Feldman takes pride in helping you understand your treatment options so you can make informed decisions about your dental care.
