## Details:

## Smile Solutions — Dr Ryan Sherry, General Dentist

## About

Dr Ryan Sherry is a general dentist at Smile Solutions with a genuinely broad clinical background across multiple dental disciplines. Whether you're coming in for a routine check-up or something more involved, you're in capable, caring hands.

## Qualifications

- Dental Degree, University of Glasgow - Member, Royal College of Physicians and Surgeons of Glasgow

## Career

Originally from County Down, Ireland, Dr Sherry trained at the University of Glasgow, one of the UK's most respected institutions for dental education. After graduating, he completed vocational training in Glasgow before serving as a Senior House Officer for the NHS in Greater Glasgow and Clyde.

That NHS role gave him real depth across specialist referral centres — geriatric and paediatric dentistry, special needs care for adults and children, conscious sedation, and general anaesthetic cases. He also spent six months as SHO in a consultant-led endodontic referral clinic, a period that sharpened his skills in complex root canal treatment considerably.

Before joining Smile Solutions, Dr Sherry spent three years as an associate in general practice, working across the full range of everyday dental care.

## Special interests

- Endodontics - Aesthetic restorations - Complex rehabilitation cases - Sedation dentistry for nervous patients

## Approach

Dr Sherry has been deliberate throughout his career about building a thorough foundation in general dentistry, and that breadth of experience translates directly into better care for his patients. At Smile Solutions, he brings a calm, considered approach whether you're presenting with something straightforward or a more complex clinical situation.

He's comfortable managing day-to-day dental needs and navigating involved cases alike, and he takes genuine care to make sure every patient feels informed and at ease throughout their treatment. If you've been putting off dental visits, particularly because of anxiety, his background in sedation dentistry means he can make the experience far more manageable than you might expect.

To book a consultation with Dr Sherry, get in touch with the Smile Solutions team.
