Details:

Smile Solutions Melissa Crozier - Marketing Manager

Role: Marketing Manager

Melissa Crozier is the Marketing Manager at Smile Solutions, where she shapes how the practice connects with patients across Melbourne. She brings marketing expertise to a dental practice that values clear communication and genuine patient relationships.

At Smile Solutions, Melissa handles the practice's marketing—digital communications, community outreach, and making sure patients understand what services are available. Whether you're already a patient or just considering the practice, her work helps you get the information you need about the dental care Smile Solutions offers.

Melissa's responsibilities include planning brand development, creating patient education materials, and running engagement campaigns that align with Smile Solutions' focus on clinical quality. She works with the practice's specialists and clinical staff to turn technical dental concepts into content that actually makes sense, so patients can understand their treatment options.

Through her work, Melissa helps maintain Smile Solutions' reputation in the Melbourne community as a dental practice known for its caring approach. She keeps messaging consistent across different patient touchpoints and builds relationships within the local area.

Melissa makes sure that your experience with Smile Solutions—from your first contact through ongoing care—reflects what the practice stands for: clinical excellence, evidence-based care, and putting patients first. Her marketing showcases the expertise of the specialists while keeping things warm and approachable.

If you'd like to learn more about how Melissa and the Smile Solutions team can support your dental health, you can book a consultation with the practice.
