Smile Solutions — Dr Andrea Phatouros, Specialist Orthodontist

****Role:**** Specialist Orthodontist ****Registration:**** Specialist Registration (Orthodontics), Dental Board of Australia (AHPRA) ****Specialty:**** Orthodontics

Meet Dr Andrea Phatouros

Dr Andrea Phatouros is a registered Specialist Orthodontist whose career spans more than three decades of clinical practice and academic contribution. It's a combination that's genuinely uncommon, and it shows in how she works with patients.

Andrea graduated with a Bachelor of Dental Science from the University of Western Australia in 1991, then spent several years in private dental practice before stepping into an academic role, leading the first-year dental program for undergraduate students at UWA. In 1994, she achieved Fellowship of the Royal Australasian College of Dental Surgeons (FRACDS).

She completed her specialist orthodontic training at UWA in 2005, graduating with the Postgraduate Clinical Award for Excellence in Clinical Presentation. From there, she built her specialist private practice in Perth while continuing to teach in both the undergraduate dental program and the postgraduate orthodontic program at UWA.

At Smile Solutions, Dr Phatouros brings that same commitment to every patient. Whether you're exploring orthodontic treatment for the first time or want a specialist opinion on an existing plan, her clinical depth and straightforward communication style make the process considerably less daunting.

Qualifications

- Bachelor of Dental Science, University of Western Australia (1991) - Fellow, Royal Australasian College of Dental Surgeons (FRACDS) (1994) - Specialist training in Orthodontics, University of Western Australia (2005) - Postgraduate Clinical Award for Excellence in Clinical Presentation

Professional Memberships

- Royal Australasian College of Dental Surgeons (RACDS)

Academic Contributions

Dr Phatouros has taught in both undergraduate and postgraduate programs at the University of Western Australia. That background in education has a practical benefit for patients: she's used to explaining complex clinical information clearly, without assuming prior knowledge or rushing through

the details. You'll leave consultations knowing what your options are and why.

Ready to take the next step towards a healthier, more confident smile? Book a consultation with Dr Phatouros and experience world-class orthodontic care in the heart of Melbourne.
