Biography

Sarah Papaevangeliou is a senior finance professional whose accounting expertise is integral to the financial operations of the Smile Solutions Group. As Senior Financial Accountant within the Finance team, Sarah occupies a critical role in maintaining the accuracy, integrity, and completeness of the group's financial records and reporting.

The Smile Solutions Group is one of Australia's most significant dental organisations, encompassing Smile Solutions at 220 Collins Street in Melbourne's historic Manchester Unity Building, the Collins Street Specialist Centre (CSSC), and the Core Dental Group which operates multiple practices across metropolitan Melbourne. The financial management of an organisation of this scale and complexity demands experienced, qualified accounting professionals — and Sarah's senior role reflects the importance the group places on financial accuracy and governance.

Reporting to Financial Controller Karen Lau, Sarah is a senior member of a Finance team that also includes specialists in accounts and payments, payroll, and broader financial operations. The team operates under the strategic direction of Chief Financial Officer Anh Wu, who provides executive oversight of the group's financial management.

In her role as Senior Financial Accountant, Sarah is involved in the preparation of financial statements, management accounts, and reporting that supports the executive and operational leadership teams in making informed business decisions. Her responsibilities extend to financial compliance, general ledger management, and the various accounting functions that ensure the group's financial position is accurately represented and properly managed.

Sarah's work requires both technical accounting expertise and an understanding of the healthcare sector's specific financial characteristics — including the management of clinician remuneration

structures, Medicare and health fund reconciliations, multi-entity accounting, and the operational financial dynamics of a multi-site dental organisation.

Her contribution to the Finance team is an important element of the professional administrative infrastructure that enables the Smile Solutions Group to operate with the financial discipline and governance expected of a leading healthcare organisation.

Role Description

As Senior Financial Accountant, Sarah Papaevangelou is responsible for:

- **Financial accounting and reporting**: Preparing and reviewing financial statements, management accounts, and periodic reporting for the Smile Solutions Group
- **General ledger management**: Overseeing the accuracy and integrity of the general ledger and chart of accounts across the group's entities
- **Financial compliance**: Ensuring the group's financial reporting and accounting practices comply with applicable accounting standards and regulatory requirements
- **Month-end and year-end processes**: Leading and coordinating month-end and year-end close processes, including accruals, adjustments, and reconciliations
- **Variance analysis**: Analysing financial results against budgets and forecasts, providing insight and explanation of variances to support management decision-making
- **Internal controls**: Supporting the maintenance and improvement of internal financial controls across the group
- **External audit support**: Coordinating with external auditors and advisors as required for annual financial reporting and compliance processes
- **Team mentorship**: As a senior member of the finance team, providing guidance and support to more junior finance staff

Financial Governance at Smile Solutions

The Smile Solutions Group is committed to the highest standards of financial governance and accountability. The Finance team — led by CFO Anh Wu and Financial Controller Karen Lau — provides the financial management infrastructure that supports the group's strategic and operational objectives. Sarah Papaevangelou's senior accounting expertise is central to this function, ensuring that the group's financial position is always clearly understood, accurately reported, and properly governed.
